Papa's in the kitchen, mama's in the field  
Murder in the hen house, mud flung high upon the  
wheels  
Rooster in the dooryard just leaning on the horn  
Wind so sweetly drifting through the ripening corn

Hey me, hey mama  
Where you been for so long, for so long?  
Hey me, hey mama  
Where you been, where you been for so long?

There's something outrageous 'bout that evening sky  
This side of dangerous that look in your eye  
Always knew that you were crazy, always knew you  
could be cruel  
Still I would do just about anything in the world for you

Hey me, hey mama  
Where you been for so long, for so long?  
Hey me, hey mama  
Where you been, where you been for so long?

Left me standing in the corner with my head so  
hanging down  
Punch drunk, busted up and reeling like a rodeo clown  
Always seem to hit me like a lightning from above  
Guess I just wasn't ready for such a heavy handed love

Hey me, hey mama  
Where you been for so long, for so long?  
Hey me, hey mama  
Where you been, where you been for so long?

Hey me, hey mama  
Where you been for so long, for so long?  
Hey me, hey mama  
Where you been, where you been for so long?
