First time I saw your face
I must admit I was feeling just a little bit out of place
Young and stupid didn't have no plan
I was just walking in the sand
I was just walking with my shoes in my hands
didn't have no plans
you so pretty with your hair all a mess
your eyes so bright and full of happiness
and I could not find the words to tell you how you are
making me feel inside
I just stood there before you and smiled

Well I wanna know you, wanna kiss you, wanna love you
I wanna show you there will be no one else above you
when you're mine
baby, when you're my sweet, my sweet little baby

You should belong to me
You should belong to me
oh smiling and free
yes you should be loving me
you should belong to me

I remember yesterdays
the hours we spent together and the games we used to
play
one thing I have learned, oh it hurts me to say
you can never never ever never go back again
Oh you can never, never, never, never go back again
baby

Listen Listen

I wanna show you wanna kiss you wanna love
wanna know you, there will be no one else above you
baby
when you're mine, when you're my sweet my sweet
little baby

Oh, You should belong to me
You should belong to me

smiling and free
oh you should be loving me
Oh Oh you should belong to me
