Over you
Here we go lovin' again
I can't tell the start from the end
Over you
That's what I said so that I could pretend
That I was over you

You could see through my disguise
All the love still here in my eyes
Over you
I've said it so long that I honestly thought
I was over you

BRIDGE:

Then when I saw you tonight
I knew in my heart
You'd never left me

All this time
I was just foolin' myself
After you there's nobody else
After you
So here we go lovin' again
and again and again

Over you
I've said it so long that I honestly thought
I was over you

BRIDGE

All this time
I was just foolin' myself
After you there's nobody else
After you
So here we go lovin' again and again
I was over you
I thought I was over you
Never will be over you

REFRAIN:

She don't touch me like you do girl

Come on love me babe
I'm not over you
She don't love me like you do
He don't do it like you do
Over you

She don't kiss me like you do girl
He don't touch me
He don't move me
He don't love me
He don't groove me
Come on do it babe
Let's do it again
Yes just do it again
Do it one more time
'cause you blow my mind
I'm not over you
He don't move me
She don't groove me
He don't do me like you do
I've tried I've tried
But I'm not over you
