Has your woman been acting strange lately?
Has she had an attitude, or been unusually rude?
Ah babe, could it be that she feels neglected
That she's trying to tell you something
In her own way without words, maybe

She needs to get some
It's so obvious, she needs to get some
Right now, right away
She needs to get some
Give her some attention
She needs to get some
Don't you leave her like this no more
She needs to get some

When was the last time you spent time with your lady
mmm
And really listen to what she says
Does it matter to you any way
Maybe, you better pay her more attention
Before some guy like me
Comes along who can see

I think she needs to get some
Move over, Romeo
Cause I have what's right
I pop up on the scene
When your girl is uptight
Cause she needs what I gotta give is positive
Now watch how I live
Hello hum, hmmm, tsk, tsk what's the matter
Please don't cry, I have time, we can chatter
Oh, your man don't understand that you need affection
All you want is love, security and protection
Man oh man, I want to know, what's wrong
What's going on, are the men not strong
You better wake up and realize she's the one
Your girl looks good and ah, she needs to get some

She needs to get some
Could be dangerous
Mmmm she needs to get some

Better not leave her like this
She needs to get some
If you don't get to it
Somebody else gone to it
I'm trying to warn you
The girl she needs to get some
She needs to get some
Give her some affection
She needs to get some

I'm tellin you
A woman needs love just like you do
Don't fool yourself
She needs to get some

Ahh, sexy babe, she's such an attractive lady
I'm not tryin to tell you what to do
But I swear that if I was you
I'd gone and give her some

She needs to get some
Give her some affection
Right now, right away, baby
She needs to get some
Like today
if you was you, wouldn't leave her like this too long,
too long

Mmmm, she's fine, nothin' but a matter of time
If you don't get to it, somebody else gone to it
Cause she needs to get some

She needs to get some
It's so obvious
Can't you tell?
She needs to get some
Right now, right away, baby
She needs to get some
Like today
I'll do it, I'd like to give her what she wants
right now
She needs to get some
I'd love, love to keep her satisfied
She needs to get some
I'll fulfill her needs
I'll give it to her anytime that she wants it
Morning, noon, and right, I'll be on it
Ohhh, she needs to get some
Give her some affection
She needs to get some
All she needs is a little attention

The girl needs to get some
If I was you
I wouldn't leave her like this too long
And let someone like me come along
And give her, give her that love, give her that love she
needs
I've got it mmm
No woman should be lonely
I'll give her my one and only
To keep her satisfied
The girl needs to get some
