I could wander the by-ways that we wander too
But, it wouldn't be the same without you
Those familiar old places would just make me blue
And, it wouldn't be the same without you

I wasted my love on a careless romance
But, I'd do it again if I had the chance
And I could start my life over with somebody new
But, it wouldn't be the same without you

I could wander the by-ways that we wander too
But, it wouldn't be the same without you
Those familiar old places would just make me blue
And, it wouldn't be the same without you

I wasted my love on a careless romance
But I'd do it again, if I had the chance
I could start my life over with somebody new
But it wouldn't be the same without you

And, it wouldn't be the same without you
