Y'all listen here

I ain't never lived in Texas
Or rode across no dusty plain
I ain't drank water from no cactus
Or been inclined to rob a train

(chorus)

I'm a different kind of cowboy
A tumble weed out in the wind
In this Carolina country boy's heart
The lone ranger rides again

I ain't too forward with the ladies
Flash a smile and tip my hat
But I've been findin' out here lately
There's still a few that's into that

Chorus 1x

Yeah I got a hundred horses
Couple sprockets and a chain
Love the sound of chrome pipes rumbling
The smell of gasoline
I'm gonna ride off in that sunset yellin' yippee ki-yay
Yippee ki-yay

Yeah, I'm a different kind of cowboy
A tumble weed out in the wind
Yeah, in this Carolina country boy's heart
The lone ranger rides again
Hi-ho silver
Loneâ€¦lone
