Well, they got a tight little unit
You know they're the most
Famous all over from coast to coast
Really layin' down the sound as much as you can
Stand... hey, hey

They got three outfits; red, yellow and blue;
Volkswagon, station wagon, luggage carrier too;
Got their name painted on the side you know it looks so
Grand
I'm talking 'bout Freddie Feelgood
And his funky little 5-piece band, oh yeah...

Recitation They got a drummer named Yum Yum
He can really go some
Blows real cool, make all the girls drool (drum solo)

They got a cat named Ace
He plays the base (Bass solo)

They got a fellow named Tyrone
He plays the trombone (Trombone solo)

Cat named Percy
Have mercy
He plays piano in the treble cleft (Piano solo)

And the trumpet man
He's the leader of the band
Here's Freddie Feelgood hisself (Trumpet solo)

Well, they're packin' em in ev'ry place they go
Ev'rybody starts to rockin' on the dance hall floor
Stompin' their feet to the rhythm and clappin' their
Hands... hey, hey
