Well, go away and leave me all alone and blue  
And never come back to me 'cause I'm through with  
you  
'Cause baby, now that you have done me wrong it's  
plain to see  
That you no longer want to bother me  
I'm sick and tired of all your lying and your cheating  
And the way that you have been mistreating me  
And lemme tell you friend that you will never get the  
chance to break my heart again  
And furthermore  
Yes, furthermore  
And on top of that  
I don't love you anyway

Well, you told me that you'd always love me, treat me  
fair  
But lately, baby, seems like you don't even care about  
me anymore  
You closed the door on me  
And left me blue as I can be  
And I'm not gonna take it anymore  
And be your fool again, like I was before  
'Cause baby this is it, I quit  
You can just forget that we ever met  
And furthermore  
Yes, furthermore  
And in addition to that  
I don't love you anyway

No, baby (baby)  
I don't love you anyway (love you anyway)  
At least (at least)  
At least that's what I say  
While (all the while)  
All the while, all the while I'm trying to hide (trying to  
hide)  
Tears, tears, tears  
That I feel deep inside

So, go away and leave me all alone and blue

And never come back to me 'cause I'm through with  
you  
'Cause baby, now that you have done me wrong it's  
plain to see  
That you no longer want to bother me  
I'm sick and tired of all your lying and your cheating  
And the way that you have been mistreating me  
And lemme tell you friend that you will never get the  
chance to break my heart again  
And furthermore  
Yes, furthermore  
And on top of that  
I don't love you anyway
