(Nicky James)

If you find you can't sleep at night
and you pace up and down in your room
and your mind is just full up with words
you'll be writing your own song soon
So let the music just turn you around
when you can't seem to utter a sound
but don't worry my friend that's alright
you'll be doing the same tonight
For we've got the music for your soul
we've got the rhythm to the roll
we hope the melody lingers in your mind
we've got the freedom of our youth
we've got the chance to speak the truth
so put you hopes your wishes and dreams
in a song
in your song
in your song
in your song
Laughter heartaches tears and sorrow
joy of living peace and trust for the heart
time is space with all things borrowed

live your life and learn to love that's a start
in your song
in your song
in your song

If you find you can't sleep at night
and you pace up and down in your room
and your mind is just full up with words
you'll be writing your own song soon
So let the music just turn you around
when you can't seem to utter a sound
but don't worry my friend that's alright
you'll be doing the same tonight
For we've got the music for your soul
we've got the rhythm to the roll
we hope the melody lingers in your mind
we've got the freedom of our youth
we've got the chance to speak the truth
so put you hopes your wishes and dreams
in your song (repeat)
