Heaven In The Rain

Al: Hey, what's the matter?

Girl: My car has stalled and I'm afraid all alone out here in the storm.

Al: Yes It's raining pretty hard. I tell you what... Get in my car and

I'll take you home. Ok.

Girl: Oh thank goodness you came along.

Al: Ah, It's my pleasure. Tell me this, how far do you live?

Girl: Not far. About two miles up the road

Al: Oh ok. ain't no problem.

Girl: Oh thanks.

Al: Mmm, sho' ain't no problem.

No there ain't no problem at all

Fine as she is, I'd drive her all the way to California

And all points west of that If that's where she wanna go

This girl is fine. I sure wish the fellows could see me now.

Ooohhh. Ooh, wouldn't believe it. Ain't nobody gonna believe me when

I tell them this.

I sure hope she invites me in for a cup of coffee or something hot.

Picture an angel in a centerfold,

Soaking wet, but still in her clothes

She said " I'm sure glad you came along,"

" My Mercedes is sick and I'll need a ride home "

I found

Heaven in the rain

Two miles from nowhere

An angel let me in

God sent her

Never thought I'd find in my lifetime

Heaven in the rain

Al: Oh baby

You know this is like a dream.

Just think we met one year ago.  
Fell in love.  
And I've been here ever since

It's been a year and a day my friend  
Since we fell in love and she invited me in  
Now if you think this story's hard to believe  
Just imagine how it feels to me

I found  
Heaven in the rain  
Two miles from nowhere  
An angel let me in  
God sent her  
I Never thought I'd find in my lifetime  
Heaven in the rain

I've got an address  
My heart calls home  
There's no zip code and no telephone  
My house is here  
Right here in her arms  
I'm staying close I can't leave her alone

I found

Al: I love you so much. And I'll never ever gonna leave  
you.  
I'll be with you forever

I found, I found  
Heaven in the rain  
Two miles from nowhere  
An angel let me in  
God sent her  
Never thought I'd find in my lifetime  
Heaven in the rain

I found  
Heaven in the rain  
Two miles from nowhere  
An angel let me in  
God sent her  
Never thought I'd find in my lifetime  
Heaven in the rain
