A good song and a love affair
go hand in hand together
When you think youve gotten over one
The other holds on to your forever

I've tried hard to forget (to forget love)
ever loving you
But just when I've convinced myself
its over with, then I hear

(chorus)
That old song that
they used to play (that old song)
on the radio just about every day
And whenever I hear it all I can do
is reminisce about lovin you
That old song that
they still play (that old song)
Keeps me longin for
the good old days
The lyric and the melody (melody)
Remindin' me of how in
love we used to be

I shouldn't be tellin you this
I know that Im out of place (out of place)
But when I love another woman
I can still see your face, baby
Maybe this is a sign for us
(We should get back)
to try and get back together
You can't imagine what
those memories (those memories)
do to me every time I hear

(chorus)

Think of you and me
Every time I hear that song
I recall the good times
When I hear that song
that song, that song

Makin' me realize
that I want you back, girl
Every time I hear that song
(Keep on playin that old song)
Keep on playin that old song
Ooh, when I hear that song
(Keep on playin that old song)
It reminds me of a love so strong, mmm...

Mr. DJ, would you please play
(Keep on playin that old song)
that old song
Help me bring my baby back home
(Keep on playin that old song)
Play that old song
