Honey, I'll always love you  
I promise I'll always love you  
Cause I think the whole world of you  
And you can't change that, no, no

There's nothing you can do or say  
I thought about this for many a day  
And my mind's made up to feel this way  
And you can't change that

Cause you're the only one I love  
And you can't change that  
You're the only one I need  
And you can't change that

You're the only one I love  
And you can't change that  
You're the only one I need  
And you can't change that

Now you can try  
If you want to, wooh

You can change your telephone number  
And you can change your address too  
But you can't stop me from loving you  
No, you can't change that, no, no

You can change the color of your hair  
And you can change the clothes you wear  
But you'll never change the way I care  
No, you can't change that

Cause you're the only one I love  
And you can't change that  
(You're the one I love)  
You're the only one I need  
And you can't change that

You're the only one I love  
And you can't change that  
You're the only one I need

And you can't change that

You're the one I love, girl  
And you can try if you want to  
Try me, baby, wooh

No, you can't change that  
You're the one I love  
You can try but you  
Can't change that  
You're the one

You can change your telephone number  
And you can change your address too  
But you can't stop me from loving you  
No, you can't change that

Cause you're the only one I love  
And you can't change that  
(You're the one I love)  
You're the only one I need  
And you can't change that  
(I need you, baby)

You're the only one I love  
And you can't change that  
(You may change a dollar bill)  
You're the only one I need  
(But let me tell you one thing)  
And you can't change that  
(You won't change the way I feel)

(You're the only one I love)  
(And you can't change that)  
I say my heart tells me how I feel  
(You're the only one I need)  
(And you can't change that)  
It lets me know  
It lets me know my love is real

(You're the only one I love)  
No, you can't change that  
You can't change my love girl  
You're the only one I love  
I need you, I love  
I love, I need you
