Whoooo!

I guess I think about think about doin a line.
But the last time I promised myself
It would be the last time,
Remember that time when I was green
The deepest colour or you bleeds
I felt that colour in my head.
Ooh right before she said

Chorus

Just because you can,
It doesn't mean you should.
Oh just because you can,
It doesn't make it good.

Oh you been down, you been down, you been down,
You been feelin down...
Every time you bleed you always come around.
Remember that time you looked so good,
We knew that we could do and we knew we should,
I felt that coulour in my head
Oooh right before you said

Chorus

Just because you can
It doesn't mean you should
Just because you can
It doesn't make it good
Just because you can
It doesn't mean you should
Just because you can

I felt that colour in my head (4x)
Oooh right before she said

Chorus

Just because you can
It doesn't mean you should
Just because you can
It doesn't make it good
Just because you can

It doesn't mean you should
"Just because" you can

Just because you can
(Repeat)
