Saint Patrick School for girls
Your sister went there too
One, two, three hooray
Scarf white, red and blue

Now do you remember
do you remember what they said?
The things you must watch out for
All the thoughts up in your head

Nora Wellington Jones
Nora Wellington Jones
Nora Wellington Jones
Oh Nora Wellington Jones

Things can look so good
When you see them from a far
A barbecue with friends
And a European car

But I warned you
Yes I warned you about this
You cannot close your eyes
If it's the first time that you kiss

Nora Wellington Jones
Sweet Nora Wellington Jones
Nora Wellington Jones
Sweet Nora Wellington Jones

If that picture is a blur
Then please adjust your set
Try to sing a song
Between two cigarettes

You went to the election
And you almost shook his hand
You voted for him later
Though it wasn't really planned

Dear Nora Wellington Jones

Dear Nora Wellington Jones
Dear Nora Wellington Jones
Dear Nora Wellington Jones

Dear Nora Wellington Jones
Dear Nora Wellington Jones
Dear Nora Wellington Jones
Dear Nora Wellington Jones

Now there is option for a man
Hello hello hello
Were all these highways really planned?
Oh please tell me were they

The sun is making patterns
when it shines down through the trees
Protect me from the sunshine
t's still full of memories

Now do you remember
do you remember what they said?
The things you must watch out for
All the thoughts up in your head

Dear Nora Wellington Jones
Dear Nora Wellington Jones
Dear Nora Wellington Jones
Dear Nora Wellington Jones
