I wish I was the smile dancing on your lips
I wish I was the t-shirt lying across your skin
I wish I was the button on your favorite pair of jeans
So close to you, there's nowhere I'd rather be

I've never wanted someone so bad
I don't understand
Baby hold out your hands
Cause I'm pouring out my heart
Like a drunken rain
I'm telling you all my secrets
I'm giving it all away

There's a need for you that I can't ignore
And I can't keep it to myself anymore
I'm pouring out my heart
Baby don't, don't let it fall

I want to be the thoughts flashing in your head
All the things that you dream when you're lying alone in bed
I wanna be the words to your favorite song
Making you want to dance, want to scream, want to sing along

I've never wanted someone so bad
Come on take a chance
Baby hold out your hands
Cause I'm pouring out my heart
Like a drunken rain
I'm telling you all my secrets
I'm giving it all away

There's a need for you that I cant ignore
And I can't keep it to myself anymore
I'm pouring out my heart
Baby don't, don't let it fall

Right in front your face (don't let it fall X2)
Close enough for you to embrace (don't let it fall X2)
Precious time don't waste it (don't let it fall X2)
You and I we could be so amazing, so amazing

I'm pouring out my heart
Like a drunken rain
I'm telling you all my secrets
I'm giving it all away

There's a need for you that I can't ignore
And I can't keep it to myself anymore
I'm pouring out my heart
Baby don't, don't let it fall.
