You make yourself a prisoner of me  
You blind yourself so you don't have to see  
You turn your life to a power above  
And make yourself a hostage of love

You turn from me, you turn from the strain  
Devote yourself to the power again  
Distance yourself from all, that we vow  
You broke the rules, your my hostage now

I am a sinner  
I am a saint  
I am a devil  
I am the ghost at the wake  
I feed the swell and pull  
Of your tears as they break  
I am the limit of  
The load you can take

You are the pulley  
And I am the winch  
I am salvation  
Am your herald of sin  
I take you beyond  
Your limits of trust  
Ransom yourself  
Hostage of love

You say you have been born again  
Since you slept there in that liar's den,  
You cannot be saved  
You gave your innocence away

I've turned my cheek  
And I've suffered the blow  
The truth of my story  
Is widely unknown  
Words of derision I have  
Swallowed with a smile  
For telling my story  
I have been crucified

Now like a madman  
I give my laurels to you  
And like a hero  
Forsake my trophies for you  
Though a disciple of this devil  
That is in our blood  
Am I not also  
Your hostage of love?

You say You've got to live alone  
Though it hurts, You'll make it on your own

You say you have been born again...

You will remain a hostage of love
