I don't know what I'm doin' wrong
Maybe I've been here too long
The songs on the radio sound the same
Everybody just looks the same

But then last night was so much fun
And now your sheets are dirty
The streets are dirty too
But you never look back over what you've done

Remember when you were young
You'd lose yourself

In the morning
You know you won't remember a thing
In the morning
You know it's gonna be alright

Wake him up, warm him up
Put him on the stage, well
The boy can't help it, it's not his fault
Just a dangerous, dangerous age

But then every night's still so much fun
And you are still out there, darling
Clinging on to the wrong ideas
But I never regret anything I've done

Remember when you were young
You'd lose yourself

In the morning
You know he won't remember a thing
In the morning
You know it's gonna be alright

In the morning
You know he won't remember a thing
In the morning
You know it's gonna be all

In the morning

You know he won't remember a thing
In the morning
You know it's gonna be all

In the morning
You know he won't remember a thing
In the morning
You know it's gonna be alright

Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?

Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?

Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?

Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?
Are you really gonna do it this time?

In the morning
(Are you really gonna do it this time?)
You know he won't remember a thing
(Are you really gonna do it this time?)
(Are you really gonna do it this time?)
No, not a thing
(Are you really gonna do it this time?)

In the morning
You know he won't remember a thing
