I find you standing there  
Telling me you're sorry  
A lonely tear rolling down your face  
You hold me...  
Then time stops  
I struggle to kiss you  
And you just take my breath away  
Just hold on for a second my love  
Just to tell me this whole thing is wrong  
Won't you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want a kiss that'll last forever  
We're both off limits  
As we wrap it up we'll both know  
That the end is just right here  
Right here  
I'm feeling too scared now  
Just trying to understand  
Why this love couldn't be crystal clear  
Your lips feel so freezing  
Demanding sweet kissing  
Is this the air?  
'cause i just can't breathe  
Just hold on for a second my love (for a second)  
Just to tell me this whole thing is wrong  
Won't you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want a kiss that'll last forever  
We're both off limits  
As we wrap it up we'll both know  
That the end is just right here  
Please hold my hand, love  
My breath won't come back again  
Say that you love me that you're not the one to blame  
At least for just one second  
I'll believe your words are true love  
Won't you please just keep it down low?  
I wanna feel your sweet and soft touch

I want a kiss that'll forever  
As we wrap it up we'll both know  
That the end is just right here  
Won't you please just keep it down low?  
Spare me 5 minutes  
I wanna feel your sweet and soft touch  
All over me  
I want a kiss that'll last forever  
We're both off limits (we're both off limits)  
As we wrap it up with love  
That the end is just right here
