We started dancin? and love put us into a groove
As soon as we started to move
The music played while our bodies displayed through
the dance
Then love picked us out for romance
I thought it was clear the plan was we would share
This feelin? just between ourselves
But when the music changed, the plan was rearranged
He went to dance with someone else
We started dancin? and love put us into a groove
But now he's with somebody new
What does love want me to do
Love said...
Let the music play, he won't get away
Just keep the groove and then he'll come back to you
again (Let the music play)
Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore (No, no, no)
She tried pretending a dance is just a dance, but I see
She's dancin? her way back to me yeah
Guess she discovered we are truly lovers
Magic from the very start
?Cause love just kept me groovin? and she felt me
movin?
Even though we danced apart
So we started dancin? and love put us into the groove
As soon as we started to move
As soon as we started to move

Let the music play, she won't get away
Just keep the groove and then she'll come back to you
again
Let the music play, (Let the music play) she won't get
away
This groove she can't ignore, she won't leave you
anymore

(let it flow, let it go, love kept me grooving, and she felt
me movin'...let it flow, let it go, love kept me grooving,
and she felt me movin'...)

Let the music play (Let the music play), he won't get
away
Just keep the groove and then he'll come back to you
again
Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore (No, no, no)
Let the music play (Let the music play), she won't get
away
Just keep the groove and then she'll come back to you

Let the music play, she won't get away
This groove she can't ignore, she won't leave you
anymore
Let the music play (Let the music play), he won't get
away
Just keep the groove and then he'll (come back) come
back to you
Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore.
