Save me,
I think they're crazy,
No, I can't be all alone,
Can you hear me?
Can you see me?
I'm trying to find hope...

Energy pumping through my body,
Can you feel the electricity from me?
Flashing lights everywhere,
no time to look, stop or stare,
just release and let it be.

Get Crazy!

Everybody!

We're breaking free tonight
We're breaking free tonight

La vida es como una estrella,
puede brillar a cada instante
La vida es como una estrella,
puede brillar a cada instante

Shining just like the stars,
we're gonna light up the world tonight
Shining just like the stars,
we're gonna light up the world tonight

We're gonna light up the world tonight
We're gonna light up the world tonight
We're gonna light up the world tonight

Every moment in my life,
everyday that passes by,
I just try to be myself,
This is who I need to be,
let the music set you free,
if you're in need of help

Get Crazy!

Everybody!

We're gonna light up the world tonight

La vida es como una estrella,
puede brillar a cada instante
La vida es como una estrella,
puede brillar a cada instante

Shining just like the stars,
we're gonna light up the world tonight
Shining just like the stars,
we're gonna light up the world tonight

We're gonna light up the world tonight
We're gonna light up the world tonight
We're gonna light up the world tonight

We're gonna light up the world tonight

La vida es como una estrella,
puede brillar a cada instante
La vida es como una estrella,
puede brillar a cada instante

Shining just like the stars,
we're gonna light up the world tonight
Shining just like the stars,
we're gonna light up the world tonight

We're gonna light up the world tonight
We're gonna light up the world tonight
We're gonna light up the world tonight

This guy is crazy!
