Exiles running from each other  
We are exiles  
Living undercover  
Looking for another day to make it all work out

Exiles  
Standing in the shadows  
We are exiles  
Weary of the battles  
Looking for another day to make it all work out

You sit here  
And I sit there  
Looking at you used to be like looking in a mirror  
But now it's dark  
No light reflects  
It never ends like one expects

I don't know where we went wrong  
If I knew that I'd never had to write this song  
But here we stand  
So far apart  
Separate pieces of a  
Broken heart  
(We live like)

Exiles running from each other  
We are exiles  
Living undercover  
Looking for another day to make it all work out

Exiles  
Standing in the shadows  
We are exiles  
Weary of the battles  
Looking for another day to make it all work out

You said you need time to think  
But I just couldn't go on living on the brink  
So now we take this frozen stance  
In hopes that we'll find one more chance

Different wants and different needs  
Moving through our changes at such different speeds  
I don't know why  
And I don't know when  
But somewhere we'll find love again

Exiles running from each other  
We are exiles  
Living undercover  
Looking for another day to make it all work out

Exiles running from each other  
We are exiles  
Living undercover  
Looking for another day to make it all work out

Exiles  
Standing in the shadows  
We are exiles  
Weary of the battles  
Looking for another day to make it all work out
