The world is filled with restless lovers  
Ever waiting for another chance to try  
To find what's passed them by

The night is broken with the crying  
Of the lost who wonder why  
They're never found  
It's such a sorry sound.

[Chorus:]

But Love in Time will come to all  
Take your breath and break your fall  
All of those who hunger will be fed.  
And just when things are looking dark  
Love will come and take your heart  
And wake in you a promise long unsaid

The winds of fortune rarely grace  
Those who try to force the pace  
And will not see  
That love can't be had for free

Those who try to place a price on  
The value of their sacrifice  
Will suffer long  
Theirs is the saddest sound
