Jamal:

Ya see all these niggas wanna test my steez  
I cock and squeeze on all phoney MC's  
I still maintain and keep my eyes on the prize  
Got to get the cream nigga better recognize (tell 'em why)  
It's 95 and I gotta get mine (yeah)  
Lampin' with the crew on the block I keep the nine (what?)  
For all the jealous motherfuckers tryin' to bring the ruckus  
Bust this, style and you know I stay dusted (what?)  
Off the purple rain of pain insane  
Niggas wanna see Jamal and then I Bring The Pain  
Like Method, niggas second guessin' if they steppin'  
I let them motherfuckers know where the weapons kept in  
(it's in the back) My nigga Erotic got it rollin' on the scene  
Seen that punk ass nigga and I shot at him (what?)  
He was lampin' of the block  
And niggas didn't see Jamal had the glock (what?)  
It had the scope plus the infared beam mind full of schemes  
Cause a motherfucker tried to get me for my cream (true dat)  
It don't matter cause I roll like that  
Droppin' motherfuckers who be steppin' to the mass  
The weapon the keep it cocked  
And niggas couldn't see Jamal they know I wreck shop  
And everytime I rhyme my lines be bomb  
Way beyond yours just to make it primetime

Hook:

Cause I got my niggas and we got guns, it beez like that  
We always stay strapped (x2)

Calif:

Wreckin' ghettos and turnin' bitches out like crack  
So fire it up and watch me get hot like two glocks  
cocked  
Shit get down like two cops bang bang like two shots  
WHUT UP how you want it? Lyrically your gutted  
True to what I do my style is underground like subways
