Will you promise me you won't ever forget my face,  
and will you miss me at all? I'm so afraid that once  
you're gone, you won't even remember my name. I  
can't forget what still beats inside this heart, this heart  
of mine. And everyday it's tearing me apart, I can't let  
go. When it's all said and done, nothing could ever  
take these memories away. Inside is where they'll stay  
and here is where I'll be. There's no place, no place I'd  
rather be. I'm reaching out to you to give me something  
to hold on to. Promise me you won't forget because  
there is no way I'd forget you. I won't forget you.
