Reactor "Electric Love"

Good vibrations all around Never gonna let me down Touch the feeling deep inside Take me to the other side of me

On and on and on and on, and on and on and on

You are my electric love Turn you on you get me off You are my electric love Turn you on you get me off

Artificial cyber friend
Stay with me until the end
You just cracked my access code
Stimulation overload in me

On and on and on, and on and on and on

You are my electric love Turn you on you get me off You are my electric love Turn you on you get me off
