I know some things have changed since the last I've
seen you
Some good some for the bad
All and all I can't complain
That's what I've been through baby
But seeing you reminds me of the precious times we
had

(chorus)

I wondered all this time bout how u been
And I hoped by chance I'd see you once again
I'd love to 2 kiss your lips baby once again
Long 2 hold u tight girl one mo'gin

I know u got someone I got somebody too
But im unhappy and i miss the shit we used to do
I miss your smile, your mouth your laughter baby
I never bumped into your kind before or after

I wondered all this time bout how u been
And I hoped by chance I'd see you once again
I'd love to 2 kiss your lips baby once again
Long 2 hold u tight girl one mo'gin

I know u gotta be gettin back 2 your own thing
Baby u got yours I got mine
I hope you know that u could call me girl when things
change
If u want 2 we could catch up on some lost time

I wondered all this time bout how u been
And I hoped by chance I'd see you once again
I'd love to 2 kiss your lips baby once again
Long 2 hold u tight girl one mo'gin
