Uh huh  
Uh huh huh huh [4x]

I wanna know what it's like to come to the same man,  
Sleep in the same bed every night.  
I wanna know relationship,  
Even petty arguments, and silly senseless fights.  
I want the kind of love that my grandparents shared,  
Once in a lifetime (oh so rare)  
I still believe in the possibilites,  
There's someone who's out there for me.

[[bridge]]  
I'm gonna trust, with everything in me.  
I'm gonna let my guard down, let you know the real me.  
I wanna be free from my insanity.

[[chorus]]  
I'm tired of the games, I think I'm ready for change.  
Don't wanna run in circles, I've been seeing the same  
thing.  
Searching for something different, maybe I'm (ready  
for love) [(2x)]

Wanna say goodbye, once and for all, to my misery.  
Extend my hand, and welcome all the chivalry.  
Cause real man know how to treat a real lady.  
And I've been looking for a real man lately.

I'm sending this one out to the raining love came for  
the right woman.  
I'm standing right here,  
Without any doubts of fears,  
I wanna give them a try (yeah)

[[repeat bridge]]

[[repeat chorus 2x]]

My relationships in the past,  
Were false hopes, broken promises.  
I've made up my mind,

The special one is hard to find.

If I can never try again,  
I'm ready for nothing.  
So I'm stretching my arms out,  
And open my heart out for love (for love)

[[repeat chorus 5x]]
