No place that i chase fills my empty space
Your grace is in my face, now i can run my race
With You and me it ought to be something i should
treasure
You come to me so heavenly, with love beyond all
measure

I'll give my heart to You
I'll give my soul to You
I'll give my everything to You, its all i can do

Nowhere that i stare brings me to what is fair
You're there, Your everywhere
Your love heals my despair
So openly You want to be the source of all pleasure
So talk to me and help me be the one to store Your
treasure

Nothing else can satisfy
It is only you to whom i'll cry
