No smoking  
No smoking sir  
Digital  
Does anyone have any time to play? No smoking  
Does anyone have any?

1, 1, 1 no smoking  
2, 2, 2  
3, 3, 3 no smoking sir  
4, 4, 4

I could go on counting for hours, the things that I like  
Please don't move baby stay right here, stay right  
inside  
I don't mind if you turn your back on me, cause I know  
you're still good  
Even if I wanna turn on a light, in this position I don't  
think I could

36 - I always dreamed of your measurements in neon  
lights  
24 - At Christmas baby maybe you can light up my  
room and brighten up my  
Nights - 36

#### CHORUS

I never had a girl before with much of a figure  
So excuse me if I start to play with your Digital Display  
Digital Display - I wish your music start to flow  
Digital Display - To make your digits want to show  
Digital Display - I could turn you off by day  
From your digital Display

You always did know how to make one beg for they  
already should have had  
But since I know how to make you digits show I feel that  
I don't have to  
Ask Take my hand and I'll take you yours and well  
guide in the right way  
And when it's there you can tell your friends how you  
made my digit

## Display

You're what I've been waiting for to raise my low score  
Cause I've been striking out all day and it makes me  
feel this way...

Digital Display - Like I can't get no  
Digital Display - When the going gets tough  
Digital Display - I just want my part to play  
With your digital display
