Is there some other place for me to hide  
I guess i'll never be the one without this pride  
But You came over me and on my knees i cried  
Is there some other way for me to grow  
With all my ignorance there's nothing i can know  
A change of the heart for me is the only way to go

Without Your grace Lord i never would have found it  
You gave me something that i've never ever felt before  
And on the day when i see it in Your eyes  
I want to fly

Is there some other time that i can come  
It doesnt't take much for me to turn my back and run  
I know that i'll never be the perfect faithful son  
Is there some other thing that i can see  
Im caught in the legacy, i realize that i'm weak  
A life of eternity is what You offer me

I've been a fool so many times  
And i don't know why  
But i broke the rules of life and life  
How can i fly  
Forgive me Lord
