It never really matter to much to me
That you were just to damn old for me
All that really mattered was you was my girlfriend
And baby that's all that mattered to me

(Chorus)
Let me love you down
Even if it takes all night
Let me love you down
You know it's going to be so right

Remember when I drove you home from work
I love the way when you kissed me bye
All your friends think I'm just too young for you
(You tell em)
That I can do what guys their age can do
Oh baby

(Chorus)
Let me love you down
Even if it takes all night
Let me love you down
You know it's got to be so right
(REPEAT)

It never really matter to much to me
That you were just to damn old for me
All that really mattered was you was my girlfriend
And baby that's all that mattered to me

(Chorus)
Let me love you down
Even if it takes all night
Let me love you down
You know it's got to be so right
(REPEAT)

Let me love ya
Let me love ya
Let me love ya down
I know I know I could

Let me love you down
I know it's gonna take all night
Let me love you down
Let me love you down
Oohh
Let me love ya
Love you down
Down, down, down
Love you down
Down, down, down
I know I know I could
Let me love you down
Thw whole night through
Let me love you down
I know I could baby
Let me love you down
Oh baby
Thw whole night through
