Against the grain  
How ironic can it get  
With fearless doubt i didn't count the pain  
I never knew You  
But came the time to wake the soul  
Of one who searched beyond the light  
I did not find and empty hole  
I found the One who fills my life  
So high with love i can't explain  
And now for a while, oh i'm gonna try  
With no regrets to live again

Your love is overflowing, pour it out  
My soul is ever growing near to You

A change of heart it paved the way  
To a life so filled with love  
And there's no doubt that i will change  
Cause i know You and You give love  
So high with love i can't explain  
And now for a while, oh i'm gonna try  
With no regrets to live again

Cause i've been watching You  
And i've been loving You  
I don't want to be led astray  
I've been trying to give what i'm dying to  
I don't want to go on this way

Don't you leave me  
Don't You leave me now
