I got your letter

and I read every line

I even showed it to my friends

The first love is the sweetest

why'd we have to throw it all away

The first love is the deepest love of all

Chorus:

If you take your love away from me

Take the emptiness inside of me

Take the tears from my eyes

The sun in the sky

Give me back my heart

Even though it's broken in two

I still luv U

I still luv U

I think about you

every night and every day

I can't get you off my mind

The first love is the sweetest

Why'd we have to throw it all away

The first love is the deepest love of all

chorus
