Verse 1:

When you're lost I can help you, I'll bring you home.
Your spirit's down and defenceless, I'll bring you home.
I am the one to show the way, I will be there any time of
day.

Chorus:

Come into my world, and see all the things that you can
be.
Come into my world, and I'll show you all the things that
you need to know.
(Come into my world)

Verse 2:

Woah, woah
Life, can be a stranger
(You're not alone)
(We're not alone, we're not alone)
Every turn there is danger
(You're not alone)
(No, you're not alone)
So if you need, someone to care, if you believe, I will be
there.

Chorus:

Come into my world, and see all the things that you can
be.
Come into my world, and I'll show you the things that
you need to know.

Bridge:

(Come into my world)
And if I'm not so far alone in this world, I'd just
remember you, baby.
(Come into my world)
Every time I close my eyes you are there, you belong to
me,
you belong to me, baby.
(Come into my world)
They say if you seek, that you will find me
(Love will be waiting for love)

So if you hold me tight then I'll know it's for real
And just remember this
(Come into my world)
And if I'm not so far alone in this world, I'd just
remember you, baby.
(Come into my world)
Every time I close my eyes you are there,
you belong to me, you belong to me, baby.

Chorus:

Come into my world, and see all the things that you can
be
(All the things that you can be)
Come into my world, and I'll show you the things
(Ooh, that you need to know)

Bridge:

(Come into my world) And if I'm not so far alone in this
world.
(Come into my world) Every time I close my eyes you
are there.
