[Blueprint]

My favorite things include hip-hop crowds that ain't  
biased

Seein heads participate in real rhyme cyphers  
Open mics with nobody spittin a written  
Original MC's that love being different

[Illogic]

My favorite things include, open minds to open mics  
and when I get open from rhymes that strike  
Creativity's a plus, plus an MC that can crush without a  
cuss  
and it's nice when a DOPE chick bust

[Blueprint]

My favorite is b-girls that pop and lock  
They're able to rock the spot, passers by that stop and  
jock  
Cats that come to a hip-hop spot  
without feelin the need to cop a glock and lick shots

[Illogic]

When a true MC spits raps composed of delicate prose  
on tracks  
and when it's felt by the masses  
Platinum respect lackin blunt ashes  
Battle clashes from the top to drop any approachin  
amateur  
When a challenger's up to caliber

[Blueprint]

MC's that shine without boastin  
MC's that rhyme with the motion  
Elevation without the high-postin  
MC's that never lose touch and do they own street  
promotion

[Illogic]

When an MC's spirituality is the point focal  
Minds bi-coastal, expandin beyond the local  
And when I'm chillin with the pen and pad, fillin the lab

with vocals  
of melodic tunes that, reek of the underground  
perfume

[Blueprint]

When somebody I don't know gives me compliments  
Seeing humbleness replace overconfidence  
Hearin MC's that rap about the consequence  
instead of glorifyin a lifestyle that lacks any type of  
common sense

[Illogic]

The lack of wack rhyme writin, and rhyme bitin  
The ignitin of flames that fuel innovation  
Tappin into the realm of concentration  
to where the listener feels he's hopped dimension  
Lyrics to make aliens stop and listen

[Blueprint]

The absence of yellin on my mixtapes  
Any additional loops in my milk crates  
Record shops where I cop all my beat breaks  
Recordin every one of my verses on the very first take

[Illogic]

When the loop speed doesn't exceed 90  
And to catch a line an MC must rewind me  
To know my mom's behind me  
That I make this my art, my culture, my release  
My outlet by means through which I reveal the beast

[Blueprint]

When my EPS doesn't overheat  
Rebootin and not lose an entire beat  
When somebody wanna diss or underrate me  
I know this sounds strange, but it motivates me

[Illogic]

Stereo-stereotypes crushed, the shatter of grey matter  
Clutch the mic 'til it rust  
When an +Unforeseen+ kid bust  
In wild styles to thrust thoughts like rapids to rush

[\*\*both\*\*]

These are a few of our favorite things in hip-hop  
And there's a lot more where those came from, don't  
play dumb  
You know they're some of yours too  
And if not, jot some, serve 'em, and do your best to  
preserve 'em
