I still remember how ya looked the day we met  
Picture-perfect innocent, a smile you can't forget

My little flower  
You were the sunshine when it rained  
A rainbow in a clear blue sky  
The sweetest song that ever played

I've cried a river of tears  
And I'll learn to live without ya  
But I wish you were here

Chorus:  
If you take me by the hand  
Open up your heart  
I'll help you  
Find your way back home  
Have a little faith  
Don't give up on love  
I'll help you  
Find your way back home

The days are growin' colder  
And the nites are gettin' long

My heart's so empty  
Like the calm before the storm

And I can't remember what it's like to be in love  
I've lost the feelin' and the memory's not enough

Now when it rains it pours  
I'm all alone but I'll always be yours

Chorus

Let me prove to you  
How much you mean to me  
I'd climb the highest mountain  
Swim the deepest sea  
I'd do it all for you  
Give me one more chance

Now when it rains it pours  
I'm all alone but I'll always, always be yours

Chorus

Find your way back home
