I'm alone, I'm alone
As I sit in the dark and
I wait by the phone for her call
But she don't call

Even then, hurt so bad
I'm holding on too tight
To everything that we had
Can't let go, don't wanna let go

I'm finding it hard
To believe that she's gone
I can't lie anymore

(She's gone)

Now the nights, don't feel right
I really wish she was here
I really wish she was here, by my side
She's nowhere inside

I was hers, she was mine
Bound by a love
That was stronger than then time stood still
And she lost the will

I'm finding it hard
To believe that she's gone
I can't lie anymore

She's gone, she's gone
Like a thief in the night
And nothing is right
She's gone, she's gone

All she left was the rain
Tears and the pain

And now this year have been so cold
These streets are so odd I've gotten old
And I'm tired of write in the same old song
She's gone

(Solo)

I'm finding it hard
To believe that she's gone
I can't lie anymore

She's gone, she's gone
Like a thief in the night
And nothing is right
She's gone, she's gone
All she left was the rain
Tears and the pain

She's gone, she's gone
There's a ghost in my heart
And she plays a part
She's gone, she's gone
Like nineteen eight nine
No there ain't no sunshine

She's gone
She's gone
Like a thief in the night
She's gone
Like a shadow in the dark
