In my dreams, we're together  
In my dreams, what we have will last forever  
As I lay here, all alone  
I only think of you  
Never met anyone quite like you  
Who can make me feel, the way you do  
But like the rain  
I keep falling for you  
I don't know how to wait  
And I don't know what to do  
This feeling in my heart  
No one can take away  
I just keep falling....like the rain  
When I awake, you're still on my mind  
And I realize that true love is hard to find  
But I found it, when I married you  
And looked into your eyes  
Ever had this feeling before  
But I know, this feeling can't be denied  
But like the rain  
I keep falling for you

I don't know how to wait  
And I don't know what to do  
This feeling in my heart  
No one can take away  
I just keep falling....like the rain  
One day you walked into my life  
And nothing's been the same  
Not having you beside me  
Is driving me insane  
Like the rain  
All I know is I keep falling for you  
I don't know just what I'm gonna do  
Like the rain.....  
Tonight this feeling is driving me insane  
Like the rain....I keep falling for you  
I don't know.....
