Excuse me sweet thing may I ask your name,
She said Yolanda and may I ask the same.
I said essential and can I make you mine?
But she played me to the left and the first thing hit my
mind was:
Oh yeah, yeah oh ee Yolanda, oh yeah, yeah you look
so fine.
Oh yeah, yeah oh ee Yolanda, oh yeah, yeah you look
so fine.
That same night as I laid in bed,
Yolanda, Yolanda; all that was in my head.
So I tried to figure out on how to make her mine
And I'm thinking to myself that it's gonna take some
time I said
Oh yeah, yeah oh ee Yolanda, oh yeah, yeah you look
so fine.
Oh yeah, yeah oh ee Yolanda, oh yeah, yeah you look
so fine.
Hey donada hey, hey donada hey Yolanda you look so
fine.
Hey donada hey, hey donada hey Yolanda you look so
fine.
What I need is a damn good program,
Essential, essential don't play yourself my man,
But she's driving me crazy and I just can't understand,
