you were all asleep
while i was awake
took me some time
wake up my mistake

they kick me in my sleep
kick me black and blue
picked up my phone
and i called you

got on that train
they very next day
you beleived in me
and what i had to say
now i've been called back to the outpost
i go there by myself
i don't need nothing else

you were all asleep
while i was awake
took me some time
wake up my mista...hey
just come with me to the west coast
a flower farm
i forget the words sometimes
when you play guitar

chorus

when we stayed in our pyjamas
cd's on the floor
the damn cat from next door
well it's six o'clock
i don't wanna get up
wanna lie in my bed all day
read comic books all day long
guess it's not that bad
at least i got a car
and i still got my job
once had a diet
of parties, friends and dreams
playing lonestar and the planets

running through the trees

chorus repeated
