Howling Wolves by REALM

It was a stormy night

Out in the woods

Nothing but fright

Opposite of good

Howling Wolves

Edge of a cliff

A frightening call

The beast and a stiff

Moon like a ball

Howling Wolves

Chorus

No fear and no pain

nothing but evil

is in my veins

howling wolves

Prolwling the streets

Searching for prey

Under their feet

Hell's stairway

Howling Wolves

Wolf man in the woods

Ready to kill

Never understood

Use of their wills

Howling Wolves

Chorus
