When will we learn, the world must change
We have the power to kill and maim
Death toll is high, must it climb higher ?
Why does man have this killing desire ?

Here I stand knee deep in blood
Slaughter of man knee deep in blood

Categorical knaves, what's there to prove ?
Violent bound slaves are satan's fools
What's the solution, can you tell me now ?
Blood rains from heaven, are they tears of god ?

Here I stand knee deep in blood
Slaughter of man knee deep in blood

When will we learn, the world must change
We have the power to kill and maim
Death toll is high, must it climb higher ?
Why does man have this killing desire ?
Here I stand knee deep in blood
Slaughter of man knee deep in blood
