Pocket Size Death by REALM

Trigger happy nice boy

Runs around with his toy

Reaching out to nothing

Pocket size death

He has this feeling

When he gets really

Mad he has to shoot

Pocket Size Death

His head is filled

With such a thrill

Cause he gets revenge with

Pocket size death

Chorus

Black stone harmony will restore

All that he's been looking for

Trigger happy youth wears a nigger proof vest

Trigger happy youth has pocket size death

Gotta gun, gotta gun

Gonna go have some fun

Revenge joy, revenge joy

See those little fuckers run

Gotta friend now that will

Never turn his back

Sticks up for me

If I can't kick your ass

You better run, better run

Gonna have me some fun

Blood stained sidewalk

Hey you fucker better run

Me and my little friend

We're gonna take over the world

Me and my little friend

Were gonna get a girl

Me and my little friend

We're gonna give it a whirl

Me and my little friend

Staring the apocalypse of the world
