Thousands of people live in this town  
And I had to run into him  
When I saw him there on that busy street  
Those feelings came back again  
There was nowhere to run, nowhere to hide  
He walked up to me looked in my eyes

And still the world stood still  
I couldn't move and all I could feel  
Was the aching in my heart saying  
I loved him still

He said, "How have you been?  
It's great to see you again"  
You're really a sight for sore eyes  
I said, "I can't complain, oh, I'm doing fine"

We talked as the people rushed by  
We laughed about old times and all we went through  
That's when he hugged me and said, "I've miss you"

And still, the world stood still  
I couldn't move and all I could feel  
Was this aching in my heart saying  
I loved him still

Thats when she walked up to him  
He said, "This is my wife"  
I gave my best smile but I was dieing inside  
He said, "We gotta go now  
It's getting late it was so good to see you"  
And then they walked away

And still, my world stood still  
I couldn't move and all I could feel  
Was this aching in my heart saying  
I love him still
