(ruby hice, danny hice)

Some folks say that a mother's love is sweeter than the rest

When her baby's nestled in her arms and feeding at her breast

But i can't explain the feeling when you reach and touch my hand

Because there' nothing like the love between and woman and a man

Chorus:

It's a miracle from heaven

That it fills me through and through

Like a feeling that surrounds us

Touching me touching you

When you wrap your love around me it's not hard to understand

Why there's nothing like the love between and woman and a man

Well the father's love is quiet

But it's there for all to see

When a little boy is laughing bouncing on his daddy's knee

Then those great big hands reach down to tuck his little cowboy in

But there's nothing like the love between a woman and a man

Repeat chorus 4 times
