She married when she was twenty  
She thought she was ready, now she's not so sure  
She thought she'd done some living  
Now she's just wonderin' what she's living for

Now she's feeling that there's something more

Is there life out there?  
So much she hasn't done  
Is there life beyond  
Her family and her home?

She's done what she should  
Should she do what she dares?  
She doesn't want to leave  
She's just wonderin', is there life out there?

She's always lived for tomorrow  
She's never learned how to live for today  
Oh, she's dyin' to try something foolish  
Do something crazy or just get away

Oh, something for herself for a change

Is there life out there?  
So much she hasn't done  
Is there life beyond  
Her family and her home?

She's done what she should  
Should she do what she dares?  
She doesn't want to leave  
She's just wonderin', is there life out there?

There's a place in the sun that she's never been  
Where life is fair and time is a friend  
Would she do it the same as she did back then?  
Oh, she looks out the window and wonders again

Is there life out there?  
So much she hasn't done  
Is there life beyond

Her family and her home?

She's done what she should  
Should she do what she dares?  
She doesn't want to leave  
She's just wonderin', is there life out there?  
Oh, is there life out there?

Is there life out there?  
So much she hasn't done  
Is there life beyond  
Her family and her home?

She's done what she should  
Should she do what she dares?  
She doesn't want to leave  
She's just wonderin', is there life out there?

Oh, she doesn't want to leave  
She's just wonderin', is there life out there?
