You know it seems like  
I've loved you forever  
Who could be closer  
Than you and I  
People even say we're so much alike  
But they don't know why

I've been lovin you so long  
That I know every move you make  
Every breath you take  
What I feel is so strong  
Sometimes I don't know where I end  
And where you begin  
And it makes me so happy  
Feelin like this  
There's so much ahead that  
I don't wanna miss  
Oh I wanna keep it  
So good so so so long  
So fine so real so right  
Oh I wanna keep it  
So good so so so long

Oh darlin don't think a minute  
Time could ever steal the thrill away  
You still got the power to be my man  
And you know you can

I've been lovin you so long....
