I feel the blues comin' on
'Cause I feel you being gone
It's somethin' I wish I could lose
Baby's gone blues

There ain't no sunshine in sight
'Cause you're gonna leave me tonight
My heart is sure feeling bruised
Baby's gone blues

Ohh oh, love has gone wrong
It's so hard on my heart going from good into gone
There ain't no easy way back into nights before you
Baby's gone blues
Baby's gone blues

It's like a razor on me
Knowing you wanna be free
I'm standing here feeling used
Baby's gone blues

There ain't no dreams coming true
I won't recover from you
There ain't no heartache like you
Baby's gone blues

Ohh oh, love has gone wrong
It's so hard on my heart going from good into gone
There ain't no easy way back into nights before you
(You)
Baby's gone blues
Baby's gone blues
Baby's gone blues
