Everytime I turn the conversation to somethin'  
Deeper than the weather  
I can feel you all, but shuttin' down  
And when I need an explanation for the silence  
You just tell me "you don't wanna talk about it now"  
What you're not sayin' is comin' in loud n clear  
We're at a crossroads here

If I'm not the one thing, you can't stand to lose  
If I'm not the arrow to the heart of you  
If you don't get drunk, on my kiss  
If you think you can do better than this  
Then I guess we're done  
Let's not drag this on  
Consider me gone

With you I've always been wide open  
Like a window or an ocean  
There is nothin' I've ever tried to hide  
So when you leave me, not knowin' where you're goin'  
I start thinkin' that we're lookin'  
We're lookin' at goodbye  
How about a strong bout a strong shot of honesty?  
Don't you owe that to me?

If I'm not the one thing, you can't stand to lose  
If I'm not the arrow to the heart of you  
If you don't get drunk, on my kiss  
If you think you can do better than this  
Then I guess we're done  
Let's not drag this on  
Consider me gone

Consider me a memory  
Consider me the past  
Consider me a smile in an old photograph  
Someone who used to make you laugh

If I'm not the one thing, you can't stand to lose  
If I'm not the arrow to the heart of you  
Then I guess we're done  
Let's not drag this on

Consider me gone  
Consider me gone  
Consider me gone  
Just consider me gone (whoa oh whoa oh)
