I might bite my lip
Look down at my shoes
I might clench my fist
Or just leave the room

Chorus:
But I'm not gonna cry
Not one single drop
Cause once i get started, I
I may never stop

I might even laugh
Right in your face
When you come out and ask
Oh if I'll be okay

Chorus:
But I'm not gonna cry
Not one single drop
Cause once I get started, I
I may never stop

Its gonna take an act of God and all I got

To keep the first tear from fallin' down
But if I don't hold the waters back the dam is gonna
crack
And I'll be damned if I'm gonna drown

So I'm not gonna cry
If that's what you thought
Cause once i get started, I
I may never stop

No im not gonna cry
Not one single drop
Cause once i get start, I
I may never stop

So I might bite my lip, Look down at my shoes
